

Co-piloted by

ADOCC

Economic Development Agency

NOVExport

**JOIN THE INTERNATIONAL SUPPORTING PROGRAM
OF THE NOVEXPORT PROJECT TO:**

PROMOTE your innovative solution integrating spatial data
and/or new technologies at the service of
Agriculture, Environment and Maritime sectors

DEVELOP your offer in BRAZIL, CHILE and/or MEXICO

*NOVExport facilitates the access of innovative
SMEs to Latin American markets*

*This project has a total budget of 1.5 million euros co-financed by the Interreg Sudoe
program and the European Regional Development Fund, shared between 7 partners.*

The AD'OCC Agency co-pilots the NOVExport Hub for Occitanie with the Aerospace Valley cluster. The European NOVExport project is made up of 6 hubs spread over different regions of France, Spain and Portugal. This Hub offers to Occitanian companies the opportunity to benefit from free collective and individual support for export :

INDIVIDUAL

- Export Diagnosis
- Calibration of your project and the adapted deployment plan
- Support on regional, national, European, and international financing
- Connecting with our networks of partners and their partners

COLLECTIVE

- Access to the Hub's documentary resources
- Thematic Export Workshops
- Feedback & practical cases
- Participation into technical sessions: *Present your offer to a panel of targeted decision makers*
- B2B connections with decision makers from Brazil, Chile and Mexico
