International Biotherapy Days

January 28-30, 2026

@ Convention center Pierre Baudis, Toulouse

Wednesday January 28th

- 13:00 • Welcome coffee, badge distribution and program handout
- 14:00 • Opening Speech - Introduction by scientific committee and political figures
- 14:15 • Overview of national French biotherapy advancements
Dr Anne JOUVENCEAU, Agence de l'innovation en Santé - SGPI
- 14:30 • Opening keynote
From encoded combinatorial libraries to targeted therapeutics
Pr Dario NERI, ETH Zürich
- 15:30 • Coffee break

Biotherapies and Immunology

Chair : Dr Pierre Martineau, Institut de Recherche en Cancérologie de Montpellier

- 16:00 • *Dr Naomi TAYLOR, Center for Cancer Research National Cancer Institute, USA*
Dr Sylvain YON, MABQI, Montpellier
Dr Nicolas BERY, Inserm Centre de Recherches en Cancérologie de Toulouse
- 17:20 • Company 5' pitches
Flash poster session
Networking
- 18:30 • Closing

International Biotherapy Days

January 28-30, 2026

@ Convention center Pierre Baudis, Toulouse

Thursday January 29th

Biotherapies and Regenerative Medicine

Chair : Pr Christian JORGENSEN, Institute for Regenerative Medicine and Biotherapy, Montpellier

09:00 ● Pr Philippe MENASCHE, Paris-Cité University

Preclinical and Clinical Development of CD34+ Cell Based Therapies for Ischemic Diseases
Dr Ibon GARITAONANDIA, Cell Prothera, Mulhouse

(under construction)

10:30 ● Coffee break

Biotherapies and Organoids

Chair : Pr Louis CASTELLA, Ageing and rejuvenation research center RESTORE, Toulouse

11:00 ● Cell based therapy against liver diseases: from basic innovation to proof of concept in human organ

Pr Ludovic VALLIER, Berlin Institute of Health at Charité, Germany

PANCprofiler: integrating single-cell and preclinical data to uncover therapeutic resistance programs in pancreatic cancer

Dr Nelson DUSSETTI, Centre de Recherches en Cancérologie de Marseille

Leveraging organoids to advance new cancer therapies

Dr Emilie DECAUP, Urosphere, Toulouse

12:30 ● Lunch

International Biotherapy Days

January 28-30, 2026

@ Convention center Pierre Baudis, Toulouse

Thursday January 29th

Biotherapy and Synthetic Biology

Chair : Dr Fayza DABOUSSI, Toulouse White Biotechnology, Toulouse

14:00 ● Dr Fayza DABOUSSI, Toulouse White Biotechnology, Toulouse

Programming bacteria as smart therapeutics

Dr Jérôme BONNET, Centre de Biologie Structurale, Montpellier

Dr Gwenaël SERVANT, Abolis Biotechnologies, Paris

Dr Julien VALTON, Collectis, Paris

15:55 ● Company 5' pitches
Flash poster session

16:15 ● Coffee break

Biotherapy in action - Lessons, and Future Directions in Biotherapy Innovation

Chair :

16:30 ● Panel discussion
(under construction)

17:15 ● Company 5' pitches
Flash poster session

18:30 ● Networking cocktail

23:00 ● Closing

International Biotherapy Days

January 28-30, 2026

@ Convention center Pierre Baudis, Toulouse

Friday January 30th

Regulatory challenges and biotherapy access strategies

Chair:

09:00 ● *Dr Emmanuelle RIAL-SEBBAG, Centre d'Epidémiologie et de Recherche en santé des POPulations, Toulouse*

Fabian GROSS, Centre d'Investigation Clinique Biothérapies du CHU Toulouse

(under construction)

10:00 ● Coffee break

Biotherapies 3.0: from DNA to Artificial Intelligence

Chair: *Pr Louis CASTEILLA, Ageing and rejuvenation research center RESTORE, Toulouse*

11:00 ● **Panel discussion**
(under construction)

12:00 ● **Closing keynote**
"Driving" together CAR-T: The Barcelona model of patient access
Dr Manel JUAN, Hospital Clínic de Barcelona, Spain

12:45 ● Conclusion and closing
